

Tabula Rasa

At some point, right before my memory clicked off, the nightmare fairy must have paid the world a visit. Everything is dead and abandoned. Its just... gone. I dont remember how the world got this way, but my husband and I were lucky to find the deserted theme park when we did. I thought we were the only survivors, but a new man has come. Shannon. He scares me. He seems weirdly possessive of me. Hes going to take me out of the park, away from my husband and the only safety I have. Im terrified to know whats out there.
