

Loved by the Pack: Wolf Shifter Menage (The Wolfpack Trilogy Book 3)

This book is the fabulous conclusion to the best selling Wolfpack Trilogy. If you have been following from Book One, you already know what to expect! Aisha has gone through hell to get to the shifters. She's been abused and humiliated by the entire town of Dead Wolf. But everything is about to change. Logan returns and takes vengeance on the men who harmed her in the past. He and his brothers make sure that Aisha knows she is loved and cherished in her new life, and she learns that all four of them want to have pups with her. She also finds out about an ancient prophecy that explains her origins, and why she was abandoned by her mother as a baby. This is the climax of the entire trilogy. Don't miss it!
