

Talking About My Baby (Mills & Boon Vintage Superromance)

The Midwives This baby is hers! One night in Texas, midwife Tara Marcus finds a newborn baby abandoned in her car. A baby she desperately wants to keep. She takes the baby to her hometown in Colorado, hoping to adopt her. But adoption requires money. And it requires a better situation than Tara can offer. A husband, a home. She needs a strategy, and the best one she can think of is marriage. Dr. Isaac McCrea, a newcomer to town, happens to be a widower with three kids. Surely he needs a wife! So what if he's a doctor not exactly Tara's favorite species? So what if she falls in love with him despite her outrageous proposal? None of that matters. Only her baby matters. Her baby and his children.
