

Tall Dark Handsome Lycan, Book 2

(Note to Reader: For mature audience only.

Contains explicit sex and violence) Tall Dark Handsome Lycan, Book 2, starts two days after the Lycan Legend transformed Samantha Hope into a lycan in Book 1. In the first installment of this series, Tall Dark Handsome Lycan, Samantha and Leo fell in love as their timeless bond as destined mates united them. Now, Sam's relationship continues with Leo as she tries to get accustomed to being a lycan. Leo is loving and supportive, but she soon realizes he is not giving her all the facts. He is trying to protect her by shielding her from the harsh realities of her new life. Meanwhile, as their love grows and their bond deepens, Leo shows her the passionate connection a lycan has for his mate. The only place Sam feels truly safe and secure is in his arms, but she can't spend the rest of her life in bed with him, can she? Sam loves Leo, but the dangers she uncovers and the secrets Leo reveals, spin her life out of control and she wonders if they can ever have a normal life. Meanwhile, an evil witch from Leo's past has returned with a vengeance and she plans to exact her revenge.
