

Tamed: The Roark Brothers Trilogy

Tamed: The Roark Brothers Trilogy contains three best-selling books by Natasha Knight which tell the story of the firm-handed Roark brothers and the feisty women who are tamed by them. This trilogy includes: Taming Emma Emma had always been interested in exploring the world of BDSM, and given her desperate circumstances, this sounded like the perfect opportunity. One weekend of complete submission to the highest bidder among a select group of wealthy men, and her financial troubles would be over. Emma wasn't really sure what to expect when she agreed to the deal, but one thing she definitely did not expect was Luke Roark.

The moment Luke removed the blindfold and recognized the beautiful, nearly-nude young woman standing before him as Emma Lawson, his best-friend's little sister, he knew what he had to do. However, after buying her contract with the intention of giving her a firm lecture and taking her home, he cannot help but imagine the things he could teach her. Emma spent many years as a teenager fantasizing about Luke, and when he is suddenly thrust into her life again she is torn between her fears and her desires, but her need to submit wins out. Emma chooses to stay and honor her contract, and she quickly finds herself on her knees before him, bare, bound, helpless, and forced to take whatever he wishes to give her and he wishes to give her a great deal, relishing the chance to play Emma's naked, trembling body like a finely-tuned instrument until she is blushing red and begging for more. It is not long, though, before both Luke and Emma can feel that something much more than just physical attraction binds them together, but can they put aside their painful pasts and embrace a future together? Taming Megan Jake Roark is the husband Megan never dreamed she could have handsome, responsible, kind-hearted, and so much more. Before she ever said her

wedding vows, though, she also knew that he was traditional enough to take a misbehaving wife in hand. When the bad habits from the wild life she led before she met Jake begin to resurface, Megan soon finds herself over his knee for a bare bottom spanking. Jakes firm hand and old-fashioned ways only increase her love for him, but when a mistake from the past is suddenly thrust into the forefront of her life and her marriage, will Jakes love for Megan be strong enough to keep her in his arms forever, no matter what he learns about her? Taming Naia Naia knows that Liam Roark has every right to be angry with her for sabotaging his career ten years ago with the accusation that he spanked her. When she seeks him out to ask his forgiveness, though, he will only give it on one condition: she will have to accept the bare-bottom spanking she once falsely claimed to have been given. Although hesitant, Naia agrees, but after a painful and humiliating punishment which leaves her tearful and blushing, Liam sends her on her way. Despite her protests he is determined not to see her again for his sake and for hers. He knows full well how strongly he yearns to dominate and have his way with her, and he fears she is far from ready to see that side of him. But Liam isn't the only one who has to come to terms with the past, and when Naia persists, he finds himself unable to resist the twenty-eight year old beauty any longer. Deciding to give her a taste of the life he lives, Liam brings her with him to his vacation home in Miami. He will demand her absolute obedience, thoroughly punish any defiance, and take her in any way he pleases, leaving her begging on her knees for more. But will the passion they ignite continue to burn hot once they return home? Publishers Note: Tamed: The Roark Brothers Trilogy includes spankings, sexual scenes, anal play, elements of BDSM, and more. If such material offends you, please don't buy this book.
