

Taming Skye

Any way you want to saddle that horse, theres bound to be trouble when two men are vying for the same woman, especially when the woman is a beautiful, hot tempered force to be reckoned with. So when Skye Donovans Irish temper collides with Clint Walkers western male dominance, the heat they generate (both in and out of bed) could well explain global warming. Fortunately, for the world, Jake Emerson (Skyes fiance) is there to temper their flames of passion with an old fashion case of blackmail. And while Skye is working hard to turn her lifelong dream into a reality, Clint is working hard to uncover Jakes blackmail scheme, thereby freeing Skye so he can snatch her up for himself. Because much to the dismay of all the single girls in Cheyenne, Wyoming, their most eligible bachelor has finally found his number ten the woman he intends to marry. But even if he is able to debunk Jakes blackmailing scheme and set Skye free, will he be able to tame her nasty little temper and make her his wife? Taming Skye is a delightfully entertaining novel, with compelling characters, sweet, sensuous romance and loads of humor.
