

Tempting Sin (Mercenary Love Book 1)

Mercenary Love: Mercenary men. Sexy, muscled men with weapons. What happens when hard men fall in love with other men? When another person becomes more important to them than their own lives? Hard, ruthless, men who will put everything on the line for love and honour are the focus of this series. With unexpected love comes grave responsibility, and the rocky path to a happy ending can sometimes leave bodies along the way. The heart may love where it may, but sometimes, to protect it, you need a big weapon and a lot of attitude

Tempting Sin by Amber Kell Book one in the Mercenary Love Series When their worlds collide, two men with nothing in common learn that love sometimes does conquer allwell, love and some military training When ex-mercenary Sinclair Alverston spots celebrity chef Callum Turner at a bar, he has no idea how the encounter will completely change his life. Certainly one slim blond with green eyes and a lot of attitude shouldnt be able to twist Sinclair completely around his finger.

Callum doesnt know what to think about Sins overprotective, domineering behaviour, but the man is hot, so he succumbs to his attraction. When Sinclair tries to take over all aspects of his life, Callum is forced to take a stand and explain to his bossy lover that, although protective instincts are good, obsession will get his ass kicked to the curb. However, when a fan turns into a stalker, Callum has no choice but to let his lover take over his security to keep him safe. All he can hope is, in the long run, their relationship will thrive and Callum can continue tempting Sin.
