

Outfoxing the Alpha Part 1: Fox Shifter Trilogy

Carson Warner had never met a woman who could resist him; Francesca Mansfield had never met a man she couldn't resist. Billionaire playboy and fox shifter, Carson Warner, just needs to acquire one more piece of property to complete his river front territory. It's taken months to convince Frankie the Man to meet with him in person to discuss his offer. But when a glamorous blonde woman approached him at the rendezvous point, he's disgusted that Frankie didn't show in person. When it turns out that the crow Carson has to eat tastes like Francesca's lips, they begin a love affair that will take them both into new territory. Carson learns that the scent of his mate can overpower even a fox's competitive need for control while Francesca's discovery of the shifter community leads her down a dark path that threatens to destroy her and her true mate forever.
