

Tessas Wedding (Adored Book 2)

Tessa Martin had just accepted Seans marriage proposal last Valentines Day, so she couldnt understand why he was pushing her for a short engagement and a quick wedding. It was all happening too fast! He hadnt entered her life silently like a thief in the night, but more like a bulldozer, and she wondered about losing herself in the aftermath. So when one of the refrigerators in her small florist shop breaks down near closing, she doesnt want to call him to ride into the sunset and rescue her. She calls a repairman herself. Sean knows how life can tragically change on a dime. He lost his first wife, a childhood sweetheart, to another mans moment of careless driving. He grieved for her for ten long years. Now that hed finally started living again, he didnt want to waste a single moment! But Tessa works too hard, and doesnt let him in to help. He worries about her all the time, but the more worried he gets the more resistant she becomes. Its already been established that hell spank... but can you spank someone all the way to the altar? Publishers Note: This classic Carolyn Faulkner contains domestic discipline themes, including consensual and non-consensual spanking. Please do not buy this book if such themes offend you.
