

The Bears Unwanted Baby

Getting knocked up after a one night stand was not part of Julia's life plan. But sometimes you have to take what life throws at you and now she plans to be the best mother possible to her son Cody. One thing Julia did not know was that her previous lover was actually a bear shifter named Shane. With no way of contacting him she assumed she would never see him again and she also assumed that he would not want the baby anyway. It seems she might have assumed wrong. Now the baby is here and Shane has tracked her down. Could the Bears unwanted baby possibly be a lot more important than Julia ever realized?
