

The Bears Virgin Darling (Honeypot Darlings Book 1)

Hope moves to Honeypot to escape a bad breakup. She gets a job as a ranch hand doing menial labor. It's hard work, but she doesn't mind. It gives her something to focus on besides her pain. It takes her mind off her loser ex and focuses it on something useful, like gardening and feeding chickens. But there's something strange about the Blair brothers. They're always whispering among themselves, sneaking off at night, and talking about things that don't make sense to her. Before Hope can figure out what they're hiding, she finds herself falling for the oldest brother, Wyatt. He's tall, dark, handsome, and incredibly charming, but there's something more to the quirky cowboy. Can Hope handle his secret? Can he handle hers?
