

Romance: Regency Romance: The Dukes Pregnant Peasant (Historical 19th Century Military Romance) (Victorian & Medieval Short Stories)

A Scandalous Regency Romance that leaves little to the imagination - for mature eyes only! Ferdinand is the Duke of Vestavia, and well received by his people and other nobles. He has a good relationship and friendship with his wife, Rosalind, though there has never been a spark of romance. Lately, he has grown tired of the life of nobility and felt more and more pulled to spend time among the commoners. Vivian is a scullery maid who, although she has a difficult time with her mother, wants for little and finds happiness in simple pleasures of life. When she learns she is pregnant with the child of nobility, she fears her mother will use this knowledge to wrongfully seek financial gain from her lover. The two seek love and balance, but perhaps their biggest asset is the one they never thought to use the Dukes wife, Rosalind. Contains a FREE series of bonus Romance Stories!
