

The Billionaires Obsession (An Heir At Any Price Book 1)

Aiden Scott is a man accustomed to getting exactly what he wants; a charismatic, handsome, charming CEO of multiple companies, he has the world at his fingertips, yet there's one obsession he cannot ignore. He desires an heir... Holly Valentine is a woman in desperate circumstances; an alcoholic mother in need of rehab, and a dead-end job, her life is spiralling out of control. All until she meets a man - and an offer - she can't refuse... Desiring a child he can raise as his own, without the complexities that maintaining a stable, married life would bring, Aiden has a proposition for Holly; cold hard cash, and the assurance she'll mother his only child. But can Holly assuage her feelings for Aiden long enough to go through with the deal? And will the charismatic billionaire find himself unexpectedly falling for the prospective mother of his child? Whatever happens, Aiden Scott is about to find out that some things can't be bought...
