

Time of the Blood Lust Plague (The Blood Lust Plague Trilogy Book 2) (Volume 2)

The Blood Lust Plague has begun. Ever since Micah and Samantha sacrificed themselves to reveal vampires to the world, the vampire elders have been building up their army. True humans are being targeted through non-conventional methods and are being turned into vampires by the masses. The remaining true humans know how the race is being turned, but they have no way of detecting the danger before it claims other victims. Natasha Cross, in a terrible turn of events becomes one of those victims and two-hundred year old Constance vows to protect her, whatever the cost. As Natasha and her fiance, Lucas try to put the pieces of their now blood-spattered lives back together and maintain a normal relationship while Natasha comes into her own as a vampire; the world around them is quickly approaching a war of two races. Constance must keep her personal feelings aside as she also tries to stop the Blood Lust Plague and help the couple survive this quickly churning world before the war. As both priorities quickly race to what Constance fears will be a devastating end, she works to find her own ultimate solution, so that everyone can enjoy what each truly seeks, the gift of sunlight, before they fall completely into the trap of obtaining supremacy!
