

## A Part of Me (Philadelphia Series)

You dont always need a chance at a new beginning. Sometimes you just need a chance at a different ending. Tom and Talia arent strangers. Theyve been walking a tight rope of attraction since the day they met, but after an accident rocks Toms world to the core and changes it forever, he spirals into a free fall of emotions. No longer the laid-back, happy guy, he now worries that he will never be enough for Talia. After all, who could possibly love such a broken man? Talia is a tenacious ER nurse by day and a fun-loving loyal friend and party girl by night. Her developing feelings for Tom are put to the test after his accident as she fights to break through his walls and show him how much she cares, even as he continues to build them back up, determined to keep her out. As Talia tries to take care of Tom, stronger feelings emerge for both, and neither of them will come out untouched. Everything they thought they knew about themselves and each other will be put to the test as they finally realize it isnt important how many times you fall down, but only how many times you get back up.
