

The Cowboys Baby

Wealthy Cassandra Lennon has pricked her finger on the spindle of personal tragedy fifteen years earlier and isolated herself behind rose-covered walls. They call her the Sleeping Beauty. But this is modern-day Texas and her castle is a ranch. Ellison Stewart is so enticingly attractive to women their knees buckle on first sight, and he hates it. Is he the prince Cassie has been waiting for? As manager of the gated community and golf course adjacent to her property, Ellison almost got too much to handle already. Especially when he misplaces his golf course. Goats are heavily involved. And a lot of toilet paper. Throw the cowboys baby into the mix and this modern take on the Sleeping Beauty fairy tale becomes a romantic comedy of errors about accepting love where you find it. Definitely not the same old baby. From Gretchen Rix, the author of TALKING TO THE DEADGUYS and ARROYO. First in THE COWBOYSBABY series.
