

Only Tonight

I have nothing. I've lost everything. The man I loved stole it from me. The woman I was days ago no longer exists. What I believed to be true love is dead and buried. I'm leaving. Abandoning every reminder of the life I once had. I won't need anything but shorts and flip-flops where I'm going. Alone. Faith Owens ran away from life two years ago, losing herself in easy living on a small private island. Preferring carefree days as a bartender to the stressful haunting of her past, Faith chooses a life of isolation. A night like every other, she expects tips but she finds the one thing she isn't looking for--Kyle. Kyle Sommerton walks through life alone, a traveling soldier protecting others. Physically exhausted from the pitfalls of his career, he seeks a night of solace on a small private island off of the Florida Keys. A night of solitude at a beach bar, he expects a beer but he finds the one thing he isn't looking for--Faith. What happens when rules are broken and two hearts collide for only one night? Only Tonight is an adult contemporary romance, due to strong language and sexual content this book is not intended for readers under the age of 18.**Be aware, Only Tonight is a 24,000 word short story with insta-attraction and feeling. It is a companion novella to the Midnight Series. This download includes an introduction to Midnight.**Holy Hotness! Only Tonight is one smoking hot novella! I have LOVED Elizabeth Miller's writing and this took it up a notch. -D. Barnes--Mean Girls Luv Books Blog I love stories that just melt your heart, but also have a hotness factor without it seeming dirty or cheesy. -Night and Day Book Blog
