

## Danis Reunion

A Short Story about Dani, who was always the nice, shy girl in college, but her roommate, Ava, was the exact opposite, beautiful and flirty she could have anyone she wanted. It has been ten years since college and Dani and Ava have fallen out of touch, but now they have met up again and Ava is married but this does not mean Ava is any less wild and with the help of Avas husband Dani is going to have a night she will never forget.
