

The Drowner: A Novel

The Drowner, one of many classic novels from crime writer John D. MacDonald, the beloved author of Cape Fear and the Travis McGee series, is now available as an eBook. Lucille Hanson left her rich husband, a man who lived casually and loved carelessly. She found a new man, one who appeared to treat her right. Lucille was putting together the pieces of her life, determined not to make the old mistakes, the foolish ones that had almost wrecked her the first time around ... until all of her hopes came to rest at the bottom of the lake where her body is found. It must have been an accident, most people say. It might have been suicide, others think. But among her mourners, just one person refuses to believe it was anything other than murder.
