

## The Fifth Wife: A Risque Regency Romance

Once one has rescued a sheep, one feels a little differently toward mutton stew. Charles Fontaine, The New Forest, 1817 Running away into the New Forest, in the depths of winter, isnt the wisest course of action. But for Miss Hannah Derby, its her only escape. She doesnt want to be part of anyones inheritance, let alone a man shes never met. Charles Fontaine has never heard of the Penvale traditions or bequests, until he learns hes inherited all of them. Hes tempted to run away as well, but Madam Fate wont let that happen. She drives him into the New Forest, where he encounters a blizzard, sheep, the best ale hes ever tasted and one Hannah Derby. The destiny theyre both trying to avoid will bring them together to face danger, and breathtaking passion all part of becoming the Fifth Wife.
