

The Chariot: Caitlins Tarot (Episode 2) (Caitlins Tarot: The Ola Boutique Mysteries)

It was going to be a witchy kind of day Working at the Ola Boutique wasn't in Caitlins plans, but it provides the perfect opportunity to build a following for her Tarot readings, and to search for whoever killed Ted Thatcher. Her destiny, standing for truth and justice, demands she find the murderer, and free Ola Boutiques owner, Hannah Matthews, from being convicted of a crime she didn't commit. New to working with her Wiccan heritage, Caitlin accidentally summons an apparition of Thatcher. His only message is a single word: witch. Like Hannah. And like Caitlin.

How will Caitlin find the guilty witch when she's barely dipped her toes into the Craft? And what if the guilty witch really is Hannah?
