\*Newly Revised copy edit as of 5/20/15\*  
For two years, Ria has longed to touch the fire in Drake Hawthornes eyes, but she doesnt dare. The hotel where she works has a strict hands-off-patrons policy and if its found out shes even lingered too long in his room, shell lose the job shes worked so hard for. Maybe if she were more reckless and willing to step out on a ledge she would, but she isnt and she cant. Because it isnt just Rias welfare at stake, but her little brothers, and shes not able to put his happiness on the line for her own. So, shell keep hiding behind the meaningless wedding ring and fake husband that she knows is the only thing that has kept Drake from pushing her for more. Shes seen enough rich and powerful men like Drake Hawthorne to know they didnt care about the havoc they left behind only for the moment where they got what they wanted. Ria needs more than a moment, she wants and needs forever. When Drake finds out there isnt a husband, he demands marriage, and Ria opens her mouth to say yes, until he warns her about the ending. Marriage shouldnt come with a time limit and Ria refuses to give in. Just when it looks like forever is promised, will a threat from her past cost her the future thats within reach with Drake? Please be aware this is an erotic romance and is explicit. This is a standalone novella at 41,845 words
