

The Sexperts: Fifty Grades of Shay (The Sexperts Trilogy Book 1)

In the future, some people are still prudes...

But Fanny Leuber and Peter Bonebury, instructors at the Siemann Sex Institute, are doing all they can to make sure everyone can enjoy a healthy, prosperous sex life. Even if that means kidnapping clueless men to teach them how to please a woman, giving BDSM lessons, and creating group sex instructional videos. But when a gorgeous, naive blond with sexual super powers arrives at the institute, everything Fanny and Peter know will be exposed and turned upside down including their secret feelings for each other. Written by bestselling erotica author Melinda DuChamp, the Sexperts is another hilarious, romantic, and downright naughty adventure for readers who are daring enough. Its erotica for smart people who like to laugh, just like you.
