

Tides of Autumn

Sometimes the tide brings in the unexpected... Recently widowed, Darci Cunningham swims against popular current that she should take her time and heal after the sudden death of her husband. But in a bold turn, she decides to follow a dream set aside and moves to Mackinac Island to pursue her dream of writing. But as she prepares for her first winter on the island, she is unaware of the dangers that have washed ashore--one that may steal her heart, while the other may steal her life.
