D. Chase new serialized novel begins with this sizzling first episode. The series is guaranteed to get hotter and hotter. Gorgeous Interior Designer, Issy Prince, loves her life in Manhattan with her best friend, Angel. She loves to watch Angels boyfriends band and is used to getting the attention of any man she wants. She has no plans to settle down - ever - but has regular hot one night stands. Life is good. Former Dominant, Lucas Hunter, has made millions in the construction sector. The handsome, anti-social, alpha male has been celibate for several years, preferring instead to hit the gym and maintain his awesome physique. When he meets Issy, sparks fly. What happens when two strong minded individuals find that they cant get each other out of their minds? Neither wants to get involved in a relationship but neither can walk away. Dare they embark on a passionate journey into the unknown? Also included is an extract from The Hunted - Part Two of the Orion the Hunter Series. Reviews for The Hunter from Goodreads: Let me just start with saying I so loved Issy!! Shes a strong minded woman who can have casual one night stands with out all the fuss of a relationship. Thats what caught my attention in this story, every other story out there is about the men being the casual one and the woman chasing them. But not Issy she lives her life by her rules until she slams into Lucas (literally slams) and then she just cant stop thinking of him. Is he real or just a figment of her imagination (and

what an imagination she has) But when she finally confirms that hes real and oh so sexy she stops at nothing to have him in her bed!! Book 2 The Hunted is a definite must read to continue the hotness of Issy and Lucas. 5 out of 5. Clarisse. Truly awesome read with the smut level increasing until the cliffhanger I devoured this book and also read the second installment in one night! Now waiting for book 3- HURRY 5 out of 5. Stacey. Things were just heating up. Damn! Gotta get book 2. Hes getting closer to his prey. Shes about to be devoured in a really good way. Cant wait! 5 out of 5. Swilliams305 Fab book hook straight away read in one night couldnt put it down not even to sleep great story and characters. Mellonie 5 out of 5 WOW!!!! I cant wait to read the next one. I read this book in three hours. I thoroughly enjoyed it. And from the beginning this book had me hooked!!! Dalia 4 out of 5 I really liked this book. Lucas Hunter is dark, mysterious, sexy, intense and has a bit of a temper. All things I love in an Alpha male. Issy is a strong heroine, shes got some backbone which I like but I also like how she gets all goo-goo eyed for Lucas. Im curious to see how there story plays out. The only thing that kinda threw me off was when Issy was thinking to herself, she would go from speaking from the 1st person to the 2nd. It just kinda threw me off a bit. Theres a good story brewing here and Im glad book two is out. Im all over that now ;) Rosanna 4 out of 5 Newly re-edited in US English.
