

The Inner Chamber and the Inner Life (Classic Reprint)

Excerpt from The Inner Chamber and the Inner Life
The Inner Chamber suggests thoughts of the utmost importance. The daily need of retirement and quiet; the true Spirit of prayer; the Devotional reading of Gods Word; the Fellowship with God for which these are meant and by which alone they bring a blessing; the Spiritual Life which they are meant to strengthen and fit for daily duty in intercourse with the world; the Service for the Kingdom of God in Soul-winning and Intercession all these truths have their share in making our devotions a source of joy and of strength. In this little book I have not attempted to take them up systematically, but I hope that the fragments I have given may bring help to some in the cultivation of the hidden life and its intercourse with God. In this South African country there are various diseases that affect our orange trees. One of them is popularly known by the name of the root-disease. A tree may still be bearing, and an ordinary observer may not notice anything wrong, while an expert sees the beginning of a slow death. The phylloxera in the vineyards is nothing but a root-disease, and it has been found that there is no radical cure but by taking out the old roots and providing new ones. About the Publisher
