

The Lions Den (Faraway Book 2)

An injury stops the bleeding of Meredith and Brad Walshs fractured marriage. As Meredith recovers and tries to regain her memory, Brad fights to convince Meredith their marriage was perfect, even if it barely existed. But with Merediths memory comes clarity, and Meredith is faced with the reality of a husband and a lover. A husband who will do anything not to lose his family or anything else, and a lover who will set her free to see her happy. Breaking up her family is not an option, but neither is staying hidden inside her mind.
