

# The Most Important Graph in the World...and How it Will Change Your Life!

The Most Important Graph in the World reveals the secrets of how to apply principles of memory to drive business and personal success. Tony Buzan, world-acclaimed author on the brain and learning, unleashes powerful truths about our memory and how we learn and behave. Discover how you can use this knowledge to deliver presentations and speeches with real impact, make your PR and marketing resonate, raise your social and emotional IQ, develop your creativity and intelligence, maximise your time and create a more meaningful, memorable life. The people and organisations that already understand and employ the power of this graph are the leaders in their respective fields. Learn the secrets behind the success of renowned orators, Olympic athletes and international business magnates through this single graph. The Most Important Graph in the World won't just change your perspective, it will change your life.
