

The Haunted (Sleeping with Monsters Book 1)

The first in the Sleeping with Monsters series, about strong women and the monsters they love, *The Haunted* is a very hot modern take on gothic ghost stories. Daphne Vance's life is perfect -- she's a beautiful, devoted wife, and her husband has just bought her a vast countryside estate to start their family in. But when her husband leaves on a business trip, it doesn't feel like she's alone in the mansion -- she can feel eyes watching her, and hot hands trailing up her thighs. The domineering spirit of the mansion's former owner is still present -- and when she discovers her husband cheating on her, she doesn't want to resist the Master anymore....
