

The Road Back to Us (The Foundation Series Book 3)

After leaving for Twisted Tour, Peyton Lane thought her relationship with Jace Austin was stronger than ever, but she was wrong. Tabloids and magazine gossip took center stage, and their relationship took a back seat. So, she did what any logical young adult would do: she moved on. Moving on is easier said than done, especially when it comes to Jace. He knows Peyton is his soulmate. He's known it all along. He let her slip through his fingers once before, but he won't do it again. This time he's playing for keeps.
