

## The Road To Price

Your life can change when you least expect it but the love of the right person can make those changes bearable. Mia Dechino is running from her traumatic past and the death of a loved one. Heartbroken and numb, she packs a bag and is ready to escape the small town in Georgia where she grew up. Heading off to Miami to start over, she meets Sebastian Price on an interview from hell. Sebastian is cocky, arrogant, and a womanizer, but he might be what Mia is searching for. Mia tries to keep her distance from Sebastian but the connection between them is unavoidable. Their attraction slowly builds as the line between employee and employer blurs. At twenty-three years old, Mia has gone through more than most people have in a lifetime. Can Mia move past the pain she has in her heart and finally begin to be happy? Or will the guilt of a loved ones death destroy her. . \*Recommended for 17+ due to subject matter and sexual content.
