

The Savage Protector (The Savage Series) (Volume 5)

Queen Clara has chosen her future king but as the Wedded Joining draws nearer, the Kingdom of Kentucky's sphere continues to degrade. Relations with the Outside are non-existent and the beleaguered people housed within the confines of the neighboring kingdom will soon be loosed to join the fragment. Calia and Evie join forces to escape the plan that Edwin has for Calia's future. Frantic to locate the women, Maddoc, Jonathan, Philip and Daniel join forces to cinch the net of safety around the pair before it's too late. Calia doesn't long for a future where a male is the answer. However, when biology and destiny collide, she will find the choice that she wants the least, may be the correct one. Will Calia be allowed to remain true to herself by protecting those she has vowed to defend? Can she overcome her past and be healed by the love of her one, true soulmate?
