

## The Scheme

Brian Benson is the nice guy every girl dreams of marrying. Too bad he's off the market for good. He's sworn off women since the last girl he dated broke his heart. Determined to start over in New York, his sole focus is to climb the corporate ladder and avoid distractions. Until one minor collision propels him into the path of small-town-girl but bombshell babe, Kendy Miller. Kendy walks with a sass she was born with. Single and ready to mingle, she's on the prowl. Moving from her tiny town to the big city lights of New York, she is introduced to Dr. Hot Pants. She feels it in her bones she only belongs to her. When Kendy formulates a grand scheme to land Dr. Hot Pants and uses Brian to do it, Brian is all in because he could use a little fun. Things were going to plan, until one night lines were crossed, kisses were exchanged and clothes flew off. Fate collides, fortunes are tested and plans backfire, but Kendy is still determined to land her doctor. Problem is Brian was only there to assist in the plot. Falling in love with the girl wasn't part of THE SCHEME.
