

Shutter: The Complete Series

The complete bestselling series is now available in one bundle. My name is Brook Beckham and I found my inner peeping Tom. I get paid to photograph intimate moments in other peoples lives specifically one man. During the day, I watch while hes working, and every night I watch him while hes f***ing. It started as a job but quickly turned into an obsession. His name is Nikolas Gallo. I spent years in front of the camera before I escaped. Now Im behind it and in control of what my shutter captures. The moment I viewed Niko in the lens of my camera I found the escape Id been searching for. I finally felt connected - whole. Ive watched his every step, seen the good along with the bad, and documented it with my camera. I thought I was the only one that knew what I was doing, I was wrong. The truth has a way of turning the tables. The hunter becomes the hunted. My entire world changed when my darkest secrets were revealed. Through the hurt and loss an unlikely savior has emerged to shield and protect me. However, hes not who my heart truly desires. Im haunted with thoughts of forgiveness and trust yet not knowing if I can give them. But to determine if the sins from our past can be forgiven, I must listen to my heart and decide if an undeniable connection is worth the gamble. ***The Complete Series includes Shutter: Volume 1, 2, and 3 Previously listed under the pen name Eli Chastain. Even though the name has changed the content is still the same.
