

## The Seventh Princess (The Xoralia Chronicles, Book 2)

Sorcha has a big problem. She will be turning 25 years old in less than two weeks, the age she has been waiting for her entire life, to be the next Queen of Xoralia. But in order to be Queen, there needs to be a King, so she needs to marry. But who? If she doesn't marry soon, it will mean destiny is dictating it is time for her family's rule to end. All she can do is wait and hope he will come to her. Sawyer decides to travel to Ireland to look for his young sister who went missing many years ago. In the process, he falls through a portal and lands in Xoralia, right in front of Sorcha. Together, they learn that their destiny is intertwined. Sawyer discovers many interesting things about Xoralia and Sorcha realizes Sawyer could be who she's been waiting for. But can they work together to save Xoralia from a family member and an evil sorcerer who want changes made in Xoralia?
