

The Souls Religion

In this, companion volume to his worldwide bestseller, *Care of the Soul*, Thomas Moore offers a way of living in this new and confusing century. Drawing on faiths front all over the world, as well as from his own vast well of knowledge and personal experience, Moore shows how religion can be used to embrace others, rather than exclude them. He helps it become comfortable with our doubts, and reveals a liberating truth -- it is in the dark corners of the soul that trite faith is born. Intimate and provocative, Moore writes with the compassion of a parent and the wisdom of a trite teacher.
