

Reign of Fury (Battles in the Dark Book 3)

Emmerich had thought following the instructions in his visions would lead to their salvation. He couldn't have been more wrong. A bigger plan had been in play that no one knew about. One devised for thousands of years by a goddess to reclaim her powers, where Kira was the key to that plan. So the moment Emmerich turned Kira into a creature more powerful and dangerous than anything they had ever come across, they never realized it would be the moment the goddess's plan would reach fruition. Now with her powers back, the goddess is hell-bent on destroying humanity, and Emmerich and Kuron must work together to stop her. At the same time, they must find a way to destroy the creature Kira had become so the old Kira could come back to them. However, time was against them, and if they didn't find a solution quickly, the goddess's fury will destroy them all.
