

## Phantom of the French Quarter

Marcus Le Carpentier was a phantom in the night, a man who let no one in and always kept a low profile. So when he accidentally witnessed a beautiful local woman stumble upon a dead body, the last thing Marcus planned on was getting involved. Hed done that before and had been living with the dangerous consequences ever since. But since leaving a very frightened Caitlyn Villar e alone didnt sit well with Marcus, he promised to help and then return to the shadowy corners of New Orleans, alone. Unfortunately, Caitlyns discovery brought a killer out of hiding and Marcus was thrust back into the limelight, protecting Caitlyn, hunting down a madman -- and failing to find all the usual reasons why it would be best if he walked away
