

The Arrangement

Alison Fairmont Villard wakes in a hospital bed with a face she doesn't recognize and a husband she doesn't know. Andrew Villard, a self-made millionaire, has a bright future but a shadowy past. When he tells Alison the details of their life together, she has no choice but to believe him—and to accept the shocking proposal he offers. It isn't just the partial amnesia that Alison suffers. She has her own terrifying secrets that can't be entrusted to anyone, even Andrew. Even the police suspect he was behind Alison's near-fatal accident aboard his yacht and were ready to charge him with murder before her body was found, battered on the razor-sharp coral reefs. When the veil of amnesia lifts, it's too late. Alison is caught in a web of her own making. And now an FBI agent with a personal vendetta is about to blow the lid off her deadly marriage of convenience.
