

This Same Earth: Elemental Mysteries Book Two

Elemental Mysteries turned into one of the best paranormal series I've read this year. Its sharp, elegant, clever, evenly paced without dragging its feet and at the same time emotionally intense. --Nocturnal Book Reviews ~ When the world as you knew it has changed forever, is there any way you can turn back? Beatrice De Novo thought she had left the supernatural world behind... for the most part. But when the past becomes the present, will she leave her quiet life in Los Angeles to follow a mystery she thought had abandoned her? Where has Giovanni Vecchio been, and why has he returned? Giovanni has his own questions, and he's looking to her for answers. This Same Earth is the sequel to A Hidden Fire. It is the second book in the Elemental Mysteries, a paranormal romance and mystery series.
