

## Three Little Words: They mean so much

Jessica Thompson's first book *This is a Love Story* was described by Closer as Reminiscent of *One Day*. This second novel will make you laugh, it will make you cry, and it will keep you turning the page. They are just words but they mean so much. As a dark evening draws in, the lives of three women are changed forever. The worlds they have been living in, the people they thought they knew - in an instant it all changes. But when everything seems to shatter around them, could three little words be enough to help put the pieces back together again? Jessica Thompson's debut novel, *This is a Love Story*, received brilliant reviews on publication: Thompson's first novel is a triumph... What I really enjoyed was the way Thompson conveys the whole world of young, single London, the clothes, the music, the furnishings and the central, abiding love of the great city itself, full of excitement and potential. Infectious. Daily Mail Reminiscent of *One Day*, this moving, quirky love story is sob-inducingly romantic. 4\* Closer
