

## Through Loves Trials

From award-winning author, Julie Coulter Bellon, comes *Through Loves Trials*, a romantic suspense in her Canadian Spies series. Attorney Kenneth King can't wait to get away on vacation and leave the courtroom behind. He only has one last errand to do for his boss---drop off a flash drive to fellow attorney Emma James. But as soon as the drive is in his hands, his boss is murdered and Kenneth becomes the next target. Time is running out as the killers close in and Kenneth reaches out to Emma for help---but that only puts them both in more danger. Emma James just wants to settle into her new job and provide a good life for her little girl. But that is all threatened when a flash drive is dropped in her lap with information on it that points to an imminent terrorist attack on U.S. soil. With her choices dwindling and her vulnerabilities made crystal clear, Emma is pushed to the limit by those who want her dead and the rest of the country to suffer. How far will she be forced to go to save the lives of everyone around her, including those she loves? Kenneth and Emma have to find a way to work together to stop the terrorists, but it's the most difficult trial of their lives---and the verdict will be life or death.
