

## Tied Up In Heartstrings (Heartstrings Series Book 1)

Tragedy ripped the security from her life. Left a single mother, Alexis fear of loss insulates her from the rest of the world. Her best friends from college and close family are the only people she keeps close. A man from her past has always been in love with Alexis. Hes never met anyone that measures up to her. Garrett is a musician, who never really imagined hed have the fame and fortune that hes found. But, even with that, what hes always wanted is out of reach... or is it? When Garrett and Alexis meet up by chance a relationship begins. Neither expected what happens. She cant be sure shes ready for the complications a relationship brings. He will have to work overtime to win her heart without any assurances it will be successful. Alexis is learning about life without Jed, and is feeling more secure with parenting on her own. Garrett appreciates his fans and is enjoying his life on the road but misses having a private life. The lives they have built separately leave little room for a budding relationship, but their hearts wont take that into consideration. Will the cards theyve been dealt get in the way of a love that is meant to be? Is love enough to overcome loss and heartbreak? Can they accept all that the other is, without feeling like they are living in the shadow of their former lives?
