

Time Served

One of my favorite things in this book is that it doesn't pull punches. If you're looking for a gritty story with a lot of heat (and I mean a lot) and real characters, I'd definitely recommend *Time Served*. Dear Author, recommended read Dean Barclay had nothing to do with my decision to flee my old life, but he is 100 percent of the reason I vowed to never look back. I've never forgotten how it felt to follow Dean—dangerous, daring, determined—away from the crowd and climb into his beat-up old Trans Am. I was sixteen and gloriously alive for the first time. When I felt his hand cover my leg and move upward, it was over. I was his. Forever. Until I left. Him, my mom, and the trailer park. Without so much as a goodbye. Now Dean's back, crashing uninvited into my carefully cultivated, neat little lawyerly life. Eight years behind bars have turned him rougher and bigger and more sexually demanding than any man I've ever met. I can't deny him anything and that just might end up costing me everything. 102,000 words
