

## Mind Raider (Anomaly Series Book 2)

A fast-paced, intense, sexy read. Two strong characters make this an irresistible read, right through to the end. - Emmeline, Goodreads review

A sexy redhead who can control minds + a mysterious, powerful man = a super sexy, action-packed novella

Mara Ross takes crap from no one. Especially not the bastard crime boss who tortured her for her psychic ability to control minds. Now he's kidnapped another woman and Mara will do anything to save her--including joining forces with the most deadly, powerful man she knows. Callahan knows he's dangerous. The CIA's experiments left him with lethal psychic powers he must control with every inch of his will. Then Mara blazes into his life. The bold, stunning mind raider threatens his control like nothing ever has before. But Cal must fight their fierce attraction...because if his control breaks, people die.

On a mission deep in the wilds of Indonesia, desire explodes between Cal and Mara. But as the two headstrong lovers are drawn to each other, terrible secrets from Cal's past threaten to drive them apart...forever.

Note to readers: This fast-paced novella contains a lot of action and adventure (think gunfights, car chases and secret raids), cool superpowers (psychic powers and mind control) and a steamy romance (lots of sexy times between a tough-as-nails heroine and a dark, hunky hero). It's a little bit paranormal romance, a touch science fiction romance with a side of romantic suspense. So if you like it fast, and fun, and sexy, this is for you!

What readers are saying about the Anomaly Series: Fast paced, great characters, hot love. Hackett's

heroes are constantly drool-worthy. I devoured Time Thief in one sitting and enjoyed reading every page of it. Loved reading every minute of Mind Raider and without a doubt, this will be a reread for me. As I was reading, this story played out like a movie in my head due to the flawless storytelling and vivid imagery. A delicious combination of action and sensuality, which is frankly irresistible. This is romantic suspense with high stakes and hot sexiness. The elements of danger, suspense, romance and good vs evil were absolutely brilliantly depicted. Rich with emotions, a fully developed plot and storyline and memorable characters, Soul Stealer was a fantastic read. Read in one sitting, I loved the fast paced, pull no punches action that each page contained. Soul Stealer is full of twists and turns that I didn't see coming. My heart is still racing as I write this! Fans of paranormal/sci-fiction romance need to pick up Salvation along with the rest of the Anomaly Trilogy. Don't miss out! About Anna: I'm passionate about all things action romance. I love stories that combine the thrill of falling in love with the excitement of action, danger and adventure. I write about people overcoming unbeatable odds and achieving seemingly impossible goals. I like to believe it's possible for all of us to do the same.
