

Her Tiger To Take (Tiger Shifters Book 4)

Resisting her is impossible. After a lifetime of fighting his own kind, Nikolai Chernikov has been in self-imposed isolation for years. The taint of his fathers crimes hangs over him, and of all the infamous Chernikov brothers, Nick is most like their father. The fear that madness is only one bad decision away has kept Nick from seeking a mate for more than ten years. Then she comes into his lifethe sexiest, most stunning tiger shifter Nick has ever known. Tatiana is everything he wants. And everything he cant have. Hes the only man shell accept. Tatiana Loban-Gupta has tried to find a mate for more than three years. She was starting to lose hope when she caught Nicks scent and her entire body lit up with need and longing. Shell defy the rules of their people to answer the combustible chemistry between them, even though getting caught could ruin everything. But Nicks family history is a wall between them shes not sure she can breach. A fight with a werewolf pack and facing off against the other tiger males seems easy compared to fighting Nicks demons. Convincing him to return to the Mate Run will be the hardest thing shes ever had to do, but for Tatiana, failure is not an option.
