

To Tame a Viking

Lord Steele meets his match when he takes Viking warrior Queen, Silke Thorganson, prisoner. Promised to one another in a pact for truce, the couple face off in a battle of desires that will have them risking everything they believe in and then they will risk their hearts. Lady Thunder will do whatever necessary to save her people from the Viking berserkers ravaging her lands. When her salvation shows himself, she finds her destiny in the eyes of Aragon, the wolf. Not even the elements can save her heart.
