

## Tornado Allie

Since beating cancer, television news producer Allie Schwartz has been on a mission to tackle everything on her bucket list. First task--seeing a live tornado. When her best friends older brother, sexy storm-chasing tour guide Drake Roberts, offers to help with the naughty items from her list, she agrees to a one-night stand and hands him the sexual reins. Contractually forbidden from fraternizing with the guests and worried his sexual dominance would offend her, Drake has reluctantly kept his hands off the courageous Allie for five torturous days. But after experiencing his own brush with death and learning she works for the television station where he has been hired as the new meteorologist, he can't keep his attraction a secret any longer. So when he accidentally reads her naughty list, he withholds the fact they'll soon be co-workers and seizes the opportunity to fulfill her fantasies. All but one. Because if he has his way, they'll last longer than one night...
