Torrid - Book Two -- The second, searing hot installment in the Torrid Trilogy How far would you go to save someone you love? Tora - I play a dangerous game. I know this. I have to play the part of Seths dutiful wife in order to bring him down. At the same time, I cant stay out of his brothers bed. Being with Jack is the only thing in my life that feels real...the only thing that feels at all. Jack sees me for who I really am and wants me anyway. I cant tear myself away from him even though he could rip my world apart. But if Seth ever finds out, hell destroy me and the one chance I have of setting myself free from him forever. Jack - Tora is one thing to the rest of the world. To me, shes everything. Only I know all of Toras deepest secrets, her darkest desires. Only I share them with her. I should walk away before she starts to see into mine. Because when she does, I might lose her forever. Crossing that line is the easy part. Staying there can break you. This is part two in the sizzling, steamy new romantic suspense series by Jayne Blue. It contains strong sexual content and is intended for mature readers.
