

Touch : Passionate Encounter (BDSM Billionaire)

This is the first book of the Touch, series by Lucia Jordan. Written with her signature style of high passion, emotion and conflict.

Kelly Miller had had enough of her cheating boyfriend, his lack of ambition and his habit of tearing her down. She tosses him and all his stuff out and swears off men forever just as the devastatingly handsome Michael Adams shows up in her life. Michael is her boss and hes used to being in charge, but can he take charge of this feisty and wounded woman? Their relationship grows while their romance life explodes and after a revelation, Kelly realizes that perhaps Michael, the dominant and powerful man, is as wounded inside as she is. This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
